Stone: Vivace, Milano blended with Verona
Clay Brick: Veridian

Your ONE Trusted Source

Architecture plays a very important role in the evolution of society. I'm proud to say our company is constantly evolving. Brampton Brick Limited, collectively, Brampton Brick and Oaks Landscape Products (Oaks) brands; has forged a reputation as an integrated masonry and hardscape products manufacturer.

To be a single source for quality, durability and long-lasting style, we focus on developing products that work well together. We take into consideration the colours, textures, sizes and shapes that have a significant impact on how space is perceived. Our story began in 1871 when Packham Brick Works opened on the east side of Brampton Ontario to produce pressed clay bricks for the local market. Fast-forward 149 years, and we've expanded across central and eastern Canada, into the US Midwest and broadened our product lines from our humble clay beginnings to include concrete masonry and landscape products.

It's the trust our customers place in us that keeps us focused on our goal; to lead the way in innovation, affordability and lifetime satisfaction. We are devoted to engineering masonry and landscaping materials that stimulate an instant response. When you see homes, driveways, backyard living spaces, commercial buildings or beautifully landscaped public spaces; you see Brampton Brick products.

When you purchase Oaks Landscape Products and Brampton Brick masonry products, you make an investment in longevity, in stunning aesthetics and in us. That's an investment that we take seriously: Our legacy runs deeper than brick, and we're motivated to strive to do more, to do better, to evolve along with the needs of our clients and industry trends. From our state-of-the-art production facilities, to quality control, distribution and customer service, we ensure our products are made to last. Our products have your dream spaces covered both vertically and horizontally, from curbside to poolside.

Thank you for making us your **ONE Trusted Source**.

Jeffrey G. Kerbel,
President and CEO,
Brampton Brick Limited

masonry collections

Discover new inspiration through our distinguished collections, where you'll find a selection of recommended products, carefully curated into the best possible product arrangements based on our design 5 axes. Choose products from the same collection for a unified look, or mix & match by combining products across different collections for design themes and accents based on your own unique style and preferences.

Modern design calls for clean lines and a well-coordinated colour palette. The Nueva Collection of masonry products is the next generation of sleek, low-profile design. This diverse combination of contemporary products offers flush finishes and smooth faces for any modern-looking project.

The Nueva® Collection

The Rialto Collection

Defined by a hand-chiseled appearance and rich colour blends, the Rialto Collection brings together a range of products that confidently merge exquisite form and durable function. Designed to coordinate perfectly with a range of our other clay brick, concrete and hardscape products, this collection is as versatile as it is enduring.

In this Collection:

Artiste 2
Granada
Mediterranean Series

Vivace

THE 5 axes

The Legacy Collection

Explore a handful of our most established products. The Legacy Collection features natural shades and diverse colour palettes. Combine these products to give your project the memorable charm you have been searching for.

In this Collection:

Architectural Block
Crossroads Series
Historic Series
Legacy Series

All of our well-integrated product collections are built around different sets of design characteristics, yet revolve around the following five common axes:

① Simplicity

Whether you are a homeowner, a designer or a contractor, our product collections makes it simple to design, quote and install your most beautiful project vision, every time.

② Continuity

Every successful home plan pivots around continuity. The unity between form and function, front and back yards, between horizontal and vertical surfaces, and even from masonry to landscape is what truly pulls an outdoor design theme together.

③ Harmony

The affinity of colours, textures, surface finishes, product sizes and scale also contribute to that sense of unity and continuity. We've carefully developed a colour palette and product design theme perfectly harmonized to bring peace of mind, knowing that all the elements of your plan will fit together.

④ Unity

Our clay brick and concrete stone products are truly stand-out solo performers, but are at their best when they are used together in unison, and well complimented by our Oaks Landscape Products.

⑤ Modularity

The sizes and scale of our products were developed for mixing and matching different products within each collection for a completely coordinated home design package.

Look to our Oaks Landscape Products brand for pavers, wall blocks and more for your perfectly coordinated setting.

DIGNIFIED & GRAND

Design at *play*

Remember that feeling when you first fell in love with your home? Oh, the possibilities that lay ahead! We want you to relive that feeling, and have fun as you play with colour, texture, scale and shapes to create your dream home.

scale & texture

When choosing brick and stone for your home's exterior, consider what styles you're drawn to, your setting, and the overall look and feel you want to achieve.

No matter what your goal is, the colours, textures, sizes, shapes, and patterns in our product collections give you the freedom to explore based on your own personal taste. Enjoy, and above all, have fun.

Scale

Our stone products are developed with sizes to suit today's design ideals. Then, we've bundled sizes for each stone product into pleasing combinations to allow for creativity and versatility in design and on the jobsite.

UTILITY

JUMBO

PREMIER PLUS

NORMAN

QUEEN

MODULAR

Embossed

Added visual appeal and a more natural texture make this a popular choice for exterior masonry veneer.

Embossed Clay Brick:

Crossroads Series
Historic Series
Legacy Series
Mediterranean Series

Embossed Stone:

Artiste 2
Granada
Norfolk
Vivace

Smooth

The even surface of the smooth texture is attractive and gentle to the touch, but retains the durability you would expect.

Smooth Clay Brick:

Architectural Series
Contemporary Series

Smooth Stone:

Bonneville
Contempo
Finesse
Profile Series
Select Series

Split

The highly textured surface of split walls offer a rough-hewn look and deep colouration.

Finishes

QUARTZ

Lightly shotblast surface creates a softer, more natural look and lighter colouration.

SUAVE

The surface is precisely ground to expose the aggregate and create an extra-smooth finish.

Brampton Brick masonry products are developed to work together in both colour and texture. When choosing your material, it is interesting to consider the effect of texture on the overall appearance of the structure. In the following pages, we have compiled several combinations designed to inspire your creativity, while considering the multitude of colour and texture options available.

combining products

With our well-coordinated colours and choice of textures, you can take your dream home to a whole new level.

Our versatile product packaging and scale gives you the freedom to mix and match beautiful options for a look you can truly call your own.

Although we go to great lengths to ensure that the product and colour representations shown in our product guides and on our website are as accurate as possible, there are always variations in printing processes and monitors that will affect the outcome. Colour tones of the delivered product can also vary from the representations, between separately manufactured product sizes, or even between runs of the same product, especially with monochromatic (single solid) colours. This is due to variations in the raw materials and the manufacturing process itself, and is not a sign of defective product. Always select from an actual product sample.

Choosing a Palette

Warm Palettes

Containing red, orange, pink, brown, buff, tan and taupe hues, warm palettes often are attributed to earth tones. Choose warm palettes to create a welcoming environment that compliments colours found in nature.

Brick: Historic Series, Westmont
Stone: Vivace, Palermo Beige

Brick: Mediterranean Series, Aurora
Stone: Vivace, Verona

design idea!

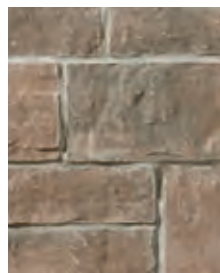

Choose warm-toned brick colours help to pull out the warm and light tones in our blended colour stone products!

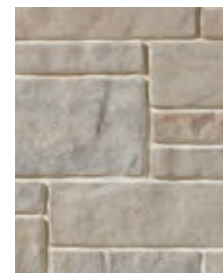

Brick: Mediterranean Series, Veridian
Stone: Vivace, Verona

Brick: Contemporary Series, Windsor
Stone: Vivace, Verona

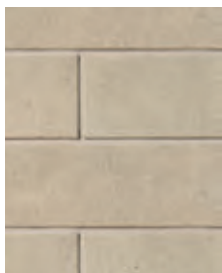

Brick: Legacy Series, Wyndham Gray
Stone: Granada, Sunrise

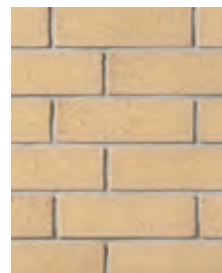

Brick: Contemporary Series, Brentwood
Stone: Vivace, Palermo Beige

Brick: Contemporary Series, Regency Brown
Stone: Bonneville, Sandbar

Brick: Historic Series, Canyon
Stone: Artiste 2, Shoreline

Brick: Contemporary Series, Manilla Matt
Stone: Artiste 2, Champagne

Brick: Historic Series, Old School
Stone: Vivace, Verona

Choosing a Palette

Cool Palettes

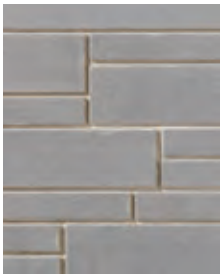

Cool palettes are typically comprised of blue, green and violet hues. However, in masonry they can be black, gray, taupe or burgundy, as it is their undertones that are cool. Mix and match our cool colours to create a modern & striking or stately & luxurious palette.

Brick: Contemporary Series, Espresso
Stone: Granada, Ashland

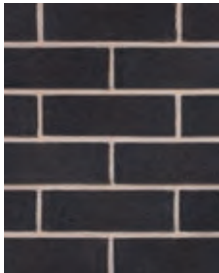

Brick: Contemporary Series, Royal Gray
Stone: Contempo, Nickel

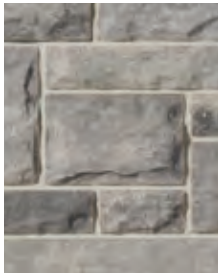

Brick: Contempo (PRP), Shadow
Stone: Artiste 2, Harbour Mist

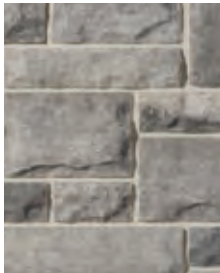

Brick: Mediterranean Series, Crystal Gray
Stone: Vivace, Tweed

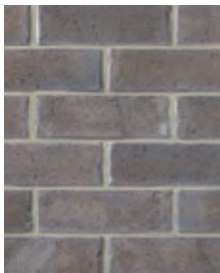

Brick: Contemporary Series, Espresso
Stone: Artiste 2, Marble Gray

Brick: Historic Series, Crimson
Stone: Artiste 2, Marble Gray

Brick: Historic Series, Church Hill
Stone: Vivace, Cortona

Brick: Mediterranean Series, Crystal Gray
Stone: Bonneville, Twilight

Brick: Contemporary Series, Royal Gray
Stone: Granada, Cinder

Brick: Historic Series, Vienna
Stone: Granada, Midnight

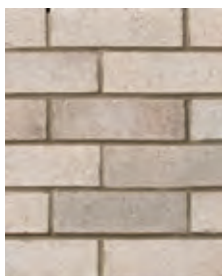

design idea!

Combine a solid-colour brick or stone in a cool tone with a blended colour material to keep your palette rich and interesting!

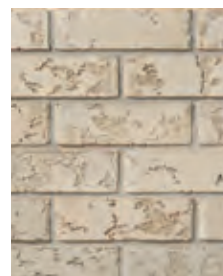

Choosing a Palette

Neutral Palettes

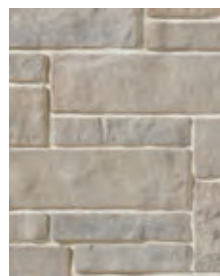

A mixture of warm and cool tones, these colours run the full gamut in terms of versatility. Neutrals often have a mix of tones which can help add depth and texture to your design and are well-complimented by solid-colour accents.

Brick: Contemporary Series, Riviera
Stone: Bonneville, Dover

Brick: Legacy Series, Sterling Gray
Stone: Granada, Sunrise

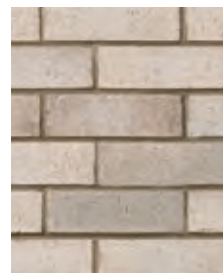

design idea!

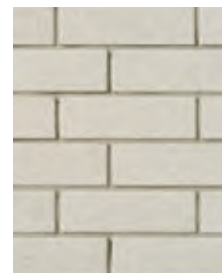

Choose similar neutrally-toned clay brick and stone for a colour scheme to stand the test of time!

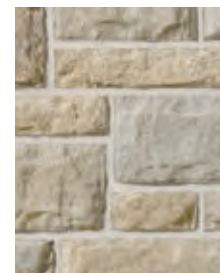

Brick: Contemporary Series, Regency Brown
Stone: Vivace, Palermo Beige

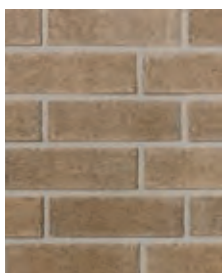

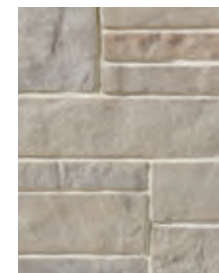

Brick: Contemporary Series, Riviera
Stone: Granada, Sunrise

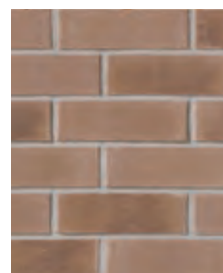

Brick: Contempo (PRP), Polar White
Stone: Artiste 2, Shoreline

Brick: Contemporary Series, Kentville
Stone: Granada, Sunrise

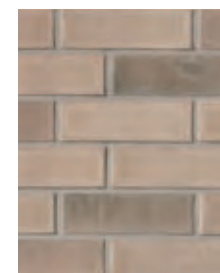

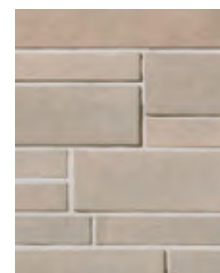

Brick: Contemporary Series, Mountain Gray
Stone: Vivace, Tweed

Brick: Contemporary Series, Brentwood
Stone: Artiste 2, Champagne

Brick: Contemporary Series, Regency Brown
Stone: Contempo, Sandbar

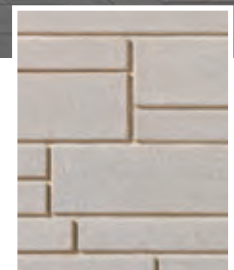

Brick: Contemporary Series, Chelsea
Stone: Vivace, Milano

Made for *moments*

In a world filled with online meetings, online shopping, news, games and everything else, the time we all spend away from our screens is more important than it's ever been. Your home is your sanctuary. Your time at home should be about how you want to feel, what's important to you and how you want to spend your downtime: making moments with family and friends.

Dream Home

Dreaming of the perfect getaway? Welcome to your own backyard! Our integrated landscape and masonry products make it easy to design the perfectly coordinated place to relax and get away from it all.

Clay Brick

Solid, functional and offering infinite flexibility in design and colour combinations, clay brick is a premier building product for today's homes. Brampton Brick's clay bricks are built to last, and actually improve with age, taking on a warmer, richer appearance as the years go by. Worry and maintenance-free, clay brick will add to the value of your home with its durability, sound proofing and fire retardant capabilities. Brampton Brick's clay bricks are your home's best friend.

Contemporary Series

Nueva® Collection

Clay Brick: Venetian

The Contemporary Series taps into today's trends with clean lines and less pronounced textures. Clay bricks with smooth faces and clean edges pull inspiration from elegant and stylish architecture, combining sleek looks with a full colour palette developed to coordinate with each other and with our stone veneer products.

Stone

No other building material conveys long-lasting strength, beauty and permanence quite like stone. For centuries, stone has been the only choice for creating buildings of both stature and significance. Bampton Brick's concrete stone products have captured those elements and brought them into the 21st century by engineering products with both old world-charm and contemporary design appeal. The look of stone dramatically elevates a home's appearance and adds immeasurable value. A wide array of textures from sleek and smooth to hand-chiseled and a colour palette developed to complement our clay and landscape product lines allow for limitless design options for a complete home design that will command attention.

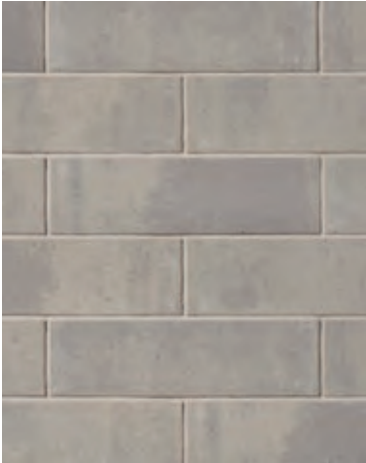

Stone: (Artiste shown), Marble Gray colour
Paver: Rialto, Marble Grey with Villanova, Mackinaw border
Curb: Castlerok 2, Greystone

Stone: Bonneville, Twilight

From inception, Bonneville was designed with versatility required to shape modern homes design. Softly-blended, natural colours were specifically developed to make Bonneville the perfect complement to our well-coordinated clay and concrete bricks. A smooth surface, clean lines and modern proportions make Bonneville stand apart from other stones.

SEAMLESS TRANSITION WITH BRICK!

All Artiste 2 stone products have been designed to course out with Premier Plus bricks, offering easy design options.

This artisanal stone product is crafted in our technologically-advanced manufacturing facility, using high-quality, long-lasting materials. Artiste 2 meets or exceeds the latest versions of CSA 165.2 and ASTM C55 standards and specifications. Please refer to your local building code for proper installation.

Artiste 2 stone is the next generation of our popular Artiste stone: enhanced aesthetics like straight top and bottom edges and beautifully blended new earth tone colours help deliver cleaner lines and a more natural-looking hand-crafted stone appearance. Easier to install with even less waste than the original Artiste, Artiste 2 allows for a variety of configurations by mixing sizes, lengths and combining with other Brampton Brick clay and concrete products.

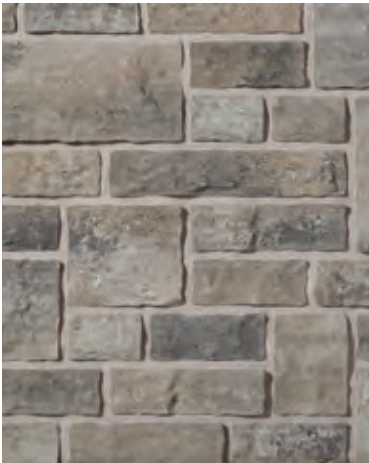

All colours in the sizes shown are Stock Item Products.

Clay Brick: Wyndham Gray
Stone: Vivace, Milano

Designed for both durability and style these stylish sills can be installed with a smooth or split textured face as the perfect complement to our clay and stone products. On the practical side, their drip edge helps drain water from the wall. Available in three versatile shades to complement your exterior decor package.

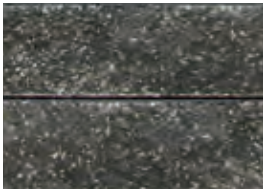

All colours in the sizes shown are Stock Item Products.

DOVER, SPLIT FACE

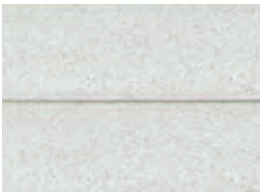

NATURAL, SPLIT FACE

ONYX, SPLIT FACE

32" Split Face Sill
Length 813 mm (32")
Height 80 mm (3 1/8")
Depth 150 mm (5 7/8")

DOVER, SMOOTH

NATURAL, SMOOTH

ONYX, SMOOTH

32" Smooth Sill
Length 813 mm (32")
Height 80 mm (3 1/8")
Depth 150 mm (5 7/8")

Stone: Vivace, Siena with Finesse, Almond

Architectural Masonry

As ONE Trusted Source, Brampton Brick manufactures a full range of architectural brick, stone and block products, many of which are specifically made-to-order to suit the project or jobsite requirements. Today's manufacturing processes ensure consistent quality and strict engineering standards are met in all of our products, regardless project scope or scale.

Based on CSA A82 for Exterior Grade (EG) brick, Type X and ASTM C216 for Severe Weather (SW) Brick, Type FBX			*not applicable if 24 hr CWA <8%

Architectural Series takes design to another level with a range of gorgeous, through-the-body colours, including grays, taupes, ivories and blacks. Smooth or velour textures make this series a versatile choice for a multitude of building projects. Available in sizes ranging from Modular to Utility, Architectural Series products scale easily to suit the project, pairing well with other Brampton Brick clay and concrete products.

Note: Minimum orders apply. Check with a Brampton Brick Sales Representative for product availability and lead times prior to specifying. For additional information, please visit our website at BramptonBrick.com

Clay Brick: Auburn Smooth

The Contemporary Series taps into today's trends with clean lines and less pronounced textures. These non-stock colours have the same smooth faces and clean edges as our stock item Contemporary Series colours, for seamless coordination with each other and with our concrete stone products.

Face Length 390 mm (15 5/8")

*Please note that our manufactured concrete masonry units that are 90 mm (3-1/2") or less in height and produced as a single size will require more frequent control joint spacing. The recommended control joint spacing for this type of unit should be 50% of the control joint spacing outline by NCMA TEK Note 10-2D "Control Joints for Concrete Masonry Walls, Empirical Method".

RainBloc® Technology

Concrete masonry walls produced with the RainBloc® integral water repellent resist wind-driven rain while still maintaining vapor transmission, reducing the chance of mold, mildew, and musty smells from developing inside a building.

When used as an integral ingredient in our concrete masonry products, RainBloc® provides protection throughout the masonry unit to protect concrete masonry walls from moisture penetration.

To ensure your masonry wall system is completely water repellent you must remember to include the RainBloc® additive to the masonry mortar on site. Specify RainBloc® Water Repellent System when designing with Finesse, Profile Series or Standard and Architectural Block.

FINESSE SILLS

Finesse Accent Sill
Depth 168 mm (6 5/8")
Height 125 mm (5")

Profile Series

Available with RainBloc®. See page 62 for more information.

Note: Minimum orders apply. Check with a Brampton Brick Sales Representative for product availability and lead times prior to specifying. For additional information, please visit our website at BramptonBrick.com

The aesthetic appeal and compressive strength of the Profile Series make it a favourite for industrial, commercial, and institutional projects. You can rely on the compressive strength concrete block units, perfect for load-bearing or single width masonry walls. This product is 100% made-to-order, and is also available with a water-repellent additive upon request at time of order as part of a complete water-repellent wall system. To ensure you are happy with the colours and textures you are interested in, we strongly recommend basing your final choices on actual samples. Please contact your Sales Representative for more information.

Depth 90 mm (3 1/2")

Length 590 mm (23 1/4")
Height 190 mm (7 1/2")
Depth 90 mm (3 1/2")

*Please note that our manufactured concrete masonry units that are 90 mm (3-1/2") or less in height and produced as a single size will require more frequent control joint spacing. The recommended control joint spacing for this type of unit should be 50% of the control joint spacing outline by NCMA TEK Note 10-2D "Control Joints for Concrete Masonry Walls, Empirical Method".

OUR NEW MASONRY & HARDSCAPE

online experience

We're excited to announce
our completely re-designed
and re-organized website!

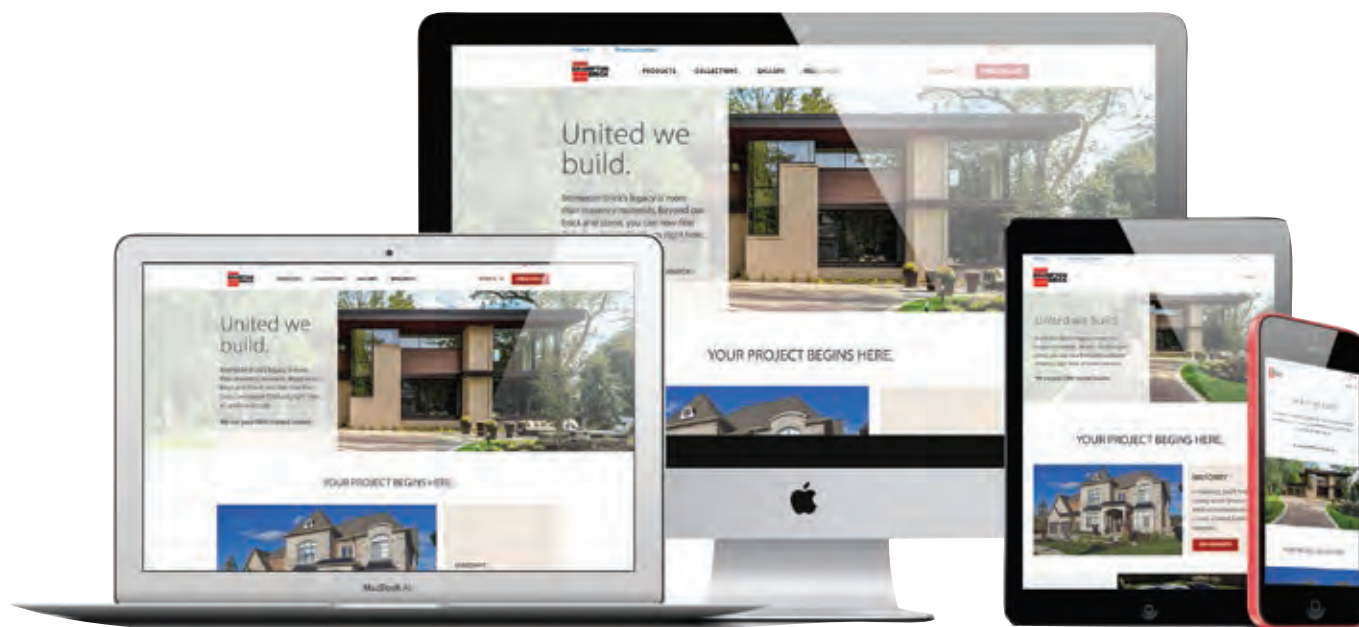

From the ground up,
you can plan, design and
browse all our masonry
& hardscape products all
from one website...

www.BramptonBrick.com

We've Changed!

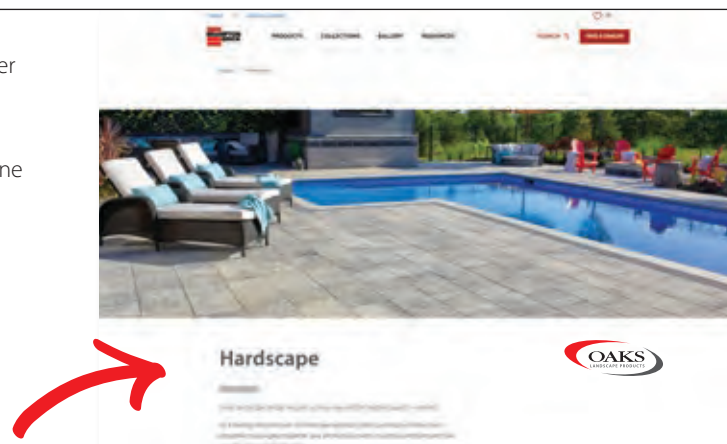

Home sweet home: We've built a new online home for the Brampton Brick Limited family of brands, and we're excited to share it with you! You'll find all of our products and colours here along with a resource library full of additional literature, design tools & guidelines and industry-related information. With curated collections spanning both masonry and hardscape products, coordinating your colours and finishes just got a little easier with our new "My Saves" tool, too.

Visit BramptonBrick.com Today!

Together is Better

We've brought our Oaks Landscape Products brand under the same roof with our beautiful masonry products! So now, when you're ready to extend your living space and increase your home's curb appeal, you've only got one place to go: BramptonBrick.com

ENHANCED

Features

We've kept the tools you use most, like our Project Visualizer, Brick Calculator and our Resource Library – plus, have made improvements in these four key areas:

① Enhanced Search

Search for products your way using a handy selection menu including product name, category, colour, texture, collection or recommended use.

② My Saves

Pin the products you like to your own 'Save Board' to compare side-by-side and help to narrow down your selection before visiting or calling your local dealer.

③ Find a Dealer

Look up a dealer by name, or search for one close by, using a postal or zip code. You'll get their address and contact info plus, you'll be able to review their profile page to see which products are available and what is usually on hand.

④ Resources Library

Everything from brochures and literature to detailed technical specifications to industry standards: it's all neatly organized in an easy to search digital library.

Architectural *Masonry Products*

Brampton Brick Masonry products have gained the reputation of innovation and versatility in the industrial, commercial and institutional (ICI) market. Our commitment to being supplier of choice drives the development and manufacturing of a wide variety of ICI products to meet all your structural and aesthetic design requirements.

Visit our website to view our ICI Masonry products or to download our Architectural Masonry Product Guide!

OAKS LANDSCAPE PRODUCT GUIDE

ONE TRUSTED SOURCE.

Brampton Brick has forged a reputation as an integrated masonry and hardscape products manufacturer. To be a single source for quality, durability and long-lasting style, we focus on developing products that work well together.

It's the trust our customers place in us that keeps us focused on our goal; to lead the way in innovation, affordability and lifetime satisfaction. We are devoted to engineering masonry and landscaping materials that stimulate an instant response. When you see homes, driveways, backyard living spaces, commercial buildings or beautifully landscaped public spaces; you see Brampton Brick products.
